------	--------------------------	-------------	------------------------------

Primary was scrubbed because of weather - clouds over target - We hit a target at (field) 48-05N 0030E - What the objective was I don't know. Whether it was a rail bridge, rail intersection or road intersection was unknown. Target area was about 12 miles north east of Le Mans on the Sarthe River. Bombs looked like they fell in an open field west of the river.
